Gladness Comes

CARLE BROS'., Market Street.

Nine to one, she gets more and more nervous. The slightest sound strikes terror to her heart. The dark corners of the room contain a thousand frights. She doesn't know what she is afraid of, but she is afraid, actually, houestly, pervously, abjectly afraid. Healthy women are not cowards. If a woman is nervous and sleepless and afraid of the rustle of her own dress, there is some thing the matter with her. The most delicate nerves in her body are set on edge by weakness or disease. Nine tenths of the nervousness, irritability and bad temper in women is merely a symptom of ill health-ill health of the delicate and sensitive organism that makes her a woman. If she is overworked, or over-worried, the effect will show itself there first. There is no use taking harmful and deadly narcotics for nervousness and sleeplessness. It will leave the body in a worse condition than it was before. The way to effect a cure is to cure the cause. Dr. Pierce's Pavorite Prescription will do it. It has cured tens of thousands of cases of female weakness and nervousness. It is a most wonderful invigorating nervine or nerve food. It brings sound healthy sleep and restores the glow and bloom of health. It is the only medicine now before the public for woman's peculiar aliments, adapted to her delicate organization by a regularly graduated physician-an experienced and skilled speculait in these maladies. It cannot do harm in any condition of the system. Its sales exceed the combined sales of all other medicines for women.

the combined saies of all other mentiones for women.

The story of its discovery and its wonderful success is told in one part of Doctor Pierce's great thousand page book, "Common Sense Medical Adviser," which will be sent free on receipt of 21 one-cent stamps to pay for mailing only.
